Rayid Ahmed Almalki

0566413746 Rayid.env@gmail.com Jeddah, Saudi Arabia

PROFESSIONAL SUMMARY

Passionate about environmental sustainability with a strong interest in contributing to the implementation of best environmental practices and compliance with professional standards to enhance operational efficiency and preserve natural resources. I gained practical experience through an internship at Saudi Aramco in water treatment, environmental monitoring, and water quality analysis, while also building my academic foundation during my Bachelor's degree in Environmental Sciences (Environmental Science and Technology) at King Abdulaziz University. I am a fast learner with strong analytical thinking, teamwork abilities, and adaptability to different work environments, aiming to deliver high-quality results.

EDUCATION

Bachelor of Environmental Sciences (Environmental Science and Technology)
King Abdulaziz University – Jeddah, Saudi Arabia | June 2026
GPA: 4.26 / 5.00
Second Honors
Graduation Project: Used Oil Management for Vehicles
